

Jolly-up Planned by Boys' League Last Wednesday

Freshmen Boys Take Oath Of School Loyalty at Recent Assembly

Marking a new era in brotherly feeling among the boys of W. U. H. S., "Get Acquainted Day" will be inaugurated on November 15.

This was decided at Boys' League Meeting. This will be the first Get Acquainted Day to be held in W. U. H. S.

A second progressive step of the meeting was taken by the freshmen. All freshmen boys stood before the assembly and took the oath of allegiance to the school. Taking of this oath is a new idea, and it may be made a custom for freshmen to take it every year from now on.

Each class chose its competitors for the various games.

Milton Fournier, our yell leader, gave a short and snappy talk on having more spirit at inter-school games.

The students were given other short talks by Howard Overacker, on keeping the grounds clean, Frank Pimentel, on having respect for our auditorium, and various other students.

Freshmen Pledge

Following is the pledge taken by the freshmen boys during Boys' League meeting last Wednesday: We will never bring disgrace to this, our beloved Washington Union High School, by any act of dishonesty or cowardice.

We will fight for the ideals and sacred things of the Washington Union High School both alone and with many.

We will revere and obey the Washington Union High School laws and do our best to incite a like respect and reverence in others.

We will strive "unceasingly" to quicken the pupils sense of W. U. H. S. civic duty.

That thus in all these ways we may transmit W. U. H. S. greater, better, and more beautiful than it was transmitted to us.

—Adapted from "Pledge of the Athenian Youths."

Students Offered Lively Performance At Student Meet

Washington's band gave the students a treat, when, dressed in new outfits, members paraded into assembly last Friday. They presented a very natty appearance with their yellow ties, yellow and black hats, and yellow lyres, the band's emblems.

Mr. Kimbar gave the students an exhibition of how he expects the band to win the state championship. He had the band play the march that it is practicing for the state contest.

Altogether, the band was the principal attraction at the assembly, and Edward George, a visiting alumnus, complimented the school on it.

Roy Secada and John Faria entertained with several piano and violin selections, and the glee club sang two songs.

Lion Makes Visit Means Well But Ruins Silk Hose

"What a nice pussy!" "Here kitty—" "Save my sock!" "Take him away!!!" These were the cries heard from many of the girls Thursday, sixth period.

For "Pussy" was not a pussy at all, but a young mountain lion with a weakness for silk stockings and bare legs.

The young "wolf in sheep's clothing" is the property of Sidney Snow, a resident of Centerville and of Oakland. He is a famous hunter and has made trips to Africa and the Arctic.

Risky Capture

The lion is now four months old. He was taken from his home in the Sierras near Placerville when four days old.

"The capture of this baby lion was not so easy a matter," said Snow. "The mother put up a hard fight, and after killing two dogs, she was cornered and bereft of her little one."

Pussy had a weakness for either silk stockings or bare legs. He was taken into several rooms and always approached the girls, several times with disastrous results. Whether it was Cougar's intelligence that told him silk stockings were easy to ruin, or that they appeared attractive to him is yet to be known.

Seniors Reach Top After Close Race By Other Classes

It is all over now, and the seniors finished on the top. In the closest and most exciting paper drive in the history of our school, the seniors won out by a great final rush.

The seniors took the lead from the freshmen early Friday afternoon. However, the freshmen and juniors came up with a surprise and passed the winners. But the seniors were not yet done. After playing a hard game of football at Piedmont, a group of the senior boys came home and worked until midnight, gathering enough paper to pass the juniors and freshmen and land on the top.

Only four hundred pounds separated the freshmen and seniors, while the juniors were only three hundred pounds behind the freshmen. The Sophomores were last.

20 Tons Gathered

Approximately twenty tons of paper and tires were collected, marking the largest drive our school has ever enjoyed. Irma Dutra once more won the individual honors. The students worked hard, and as the results indicate, were very successful.

The seniors feel proud of their victory, as this is the first time a senior class has won the drive. The other classes should also be proud of their good showings.

This is a good start toward the

Pictorial Chosen by Wide Margin as Senior Publication

Elizabeth Shinn Elected Editor-Staff will be Appointed

The Seniors have finally decided to have a pictorial.

This conclusion was reached at their meeting on October 14, sixth period in room 109.

The pictorial discussion was opened by the report of the annual committee, which was read by the secretary, Faye Harrington. Almost every member of the class was in favor of a pictorial, for there was very little opposition in the voting.

Mr. Hodges was called on to say a few words, in which he discussed the advantages of a pictorial.

Elizabeth Shinn was elected editor of this publication, and was given the authority by popular vote to choose her business manager and staff.

There was much discussion of the amount that should be charged for dues, but it was finally decided to assess each student two dollars.

Consideration of the type of graduation announcements to be used was brought to a conclusion when the president appointed a committee to look into the matter.

Large Crowd at Freshmen Party

The Freshmen party started with a "bang" but ended without anyone being "hanged up."

This was on Friday night, October 11. There was a large crowd outside the school by half-past seven, which shows that all aimed to have a good time. The early comers waited patiently for the party to start, and at last eight o'clock did arrive.

Some of the many games played were Checkers, Grinning Contest which was won by Mabel Evulich with a grin 2 7/8 inches in width; the cracker-eating contest, which was also won by Mabel Evulich (she must have practiced a lot at home); and the turtle races. There was a prize for everyone who won a turtle race. Some of the prizes were whistles, toy automobiles, lollypops, and various other articles with which freshmen like to play.

They also had dancing which helped in having a good time. At half-past ten the students were served with ice cream and cake, and shortly after eleven o'clock the students left for home still full of fun. Everyone who attended this party reports that they had the best time of their life.

swimming pool fund as the school will get somewhere around \$200 for the material gathered. This sort of work indicates that the students will soon be the proud owners of a swimming pool.

Scholarship Society to Hold Sixth Regional Conference at Washington Union High in March

"W" Club Features Immigrant Initiation

Did you see a ship anchoring at Washington Union High School in port No. 14 Friday night?

The sixteen following immigrants from various countries were coming to join the "W" club:

- Lola Luna from Holland,
- Irma Dutra from Hawaii,
- Irma Clark from Gypsy-land (wherever that is),
- Angie Alegre from Japan,
- Alice Sequeira from Italy,
- Tsurue Sakaki from Gypsy-land,
- Masako Sekigahama from Africa,
- Arlene Oliveira from Russia,
- Irma Oliveira from Italy,
- Teresa Pimentel from Spain,
- Mary George from "Flapper land"
- Constance Reina from Gypsy-land,
- Alice Lemas from Ireland,
- Lucille Sinaclaf from Turkey,
- Elnor Silveira from Holland,
- Madeline Avilla from Russia.

Hornpipe Stepped

Before they landed they had dancing on the deck (which was the auditorium stage) to celebrate the safe arrival to W. U. H. S. Then they were taken to the office room No. 14 for admission to the "W" club.

The immigrants were asked many questions which they had never heard of before. Some of them didn't know their old country, or when or where they were born. So, to test whether they had courage enough to belong to the "W" club they were asked to entertain the rest of the immigrants by either dancing, singing, telling jokes, or reciting poems.

After everyone had passed the admission test they all played games and later danced. A program was given for the entertainment of the chaperones.

Refreshments were served by the five old members, who were attired as colonial maidens.

Faculty Have Gay Time at Reception at Hotel Saint Claire

"I wonder what is the matter with all the teachers this morning?" said the students Thursday morning. "They seem to be unusually good-natured."

The Faculty Members of W. U. H. S. held an enjoyable dinner and theatre party at Hotel Saint Claire in San Jose, October 16, Wednesday night. It was held in honor of Miss Newbert, who has announced her engagement to Mr. William Jesse Wilson, and also in honor of Mr. and Mrs. Regil who were married this summer.

During the dinner many interesting things were read, told, and said. Mr. Hodges delivered the best wishes of the faculty to the honored guests, and also gave some very good matrimonial advice. One of them was a poem composed by Miss Knoles and another by Miss Roberts. These were read by Miss Nicely and Mr. Hill.

After the dinner the party attended a theater where they saw Will Rogers in "They Had to See Paris."

Mrs. Wright as general chairman of all committees, supervised the arrangements.

Students Entertained by Interesting Speaker During Luncheon

Faculty Adviser Issues Invitation for Sixth C. S. F. Gathering

Whow! But Washington High is getting popular. The sixth Regional Convention of the California Scholarship Federation, Student Branch, Bay Section will be held at Washington High early next March.

This was the report of Mr. Solvason and Henrietta Flores, Alice Sequeira, Arlene Oliveria, and Mary Lucas who attended the convention held at Hayward on October 12.

Eighteen schools comprise the Bay Section of the federation. After the girls and Mr. Solvason considered the possibilities of having the next Regional Convention of the California Scholarship Federation at Washington, Mr. Solvason issued the invitation, which was accepted with great applause.

School on Map

Mary Lucas, president of our chapter, yesterday made the following statement: "If all these schools send representatives, it will help place our school on the map. There are some very fine schools from San Francisco which will be represented. We shall entertain a fine group of guests. Some of the San Francisco schools number several thousand students."

A regular meeting of the entire group was called to order by Vieno Kasil, the president of the Hayward chapter. There they discussed some of the problems which arise in the scholarship societies, such as "Why seal bearers fall when they get to the University," "How to make the grading system more unique, and beneficial to all students," and "How freshmen should be considered in scholarship."

Paper Discussed

The Spotlight, which was a paper published last year by Fresno High School and sent to each scholarship chapter, has been discontinued. This matter aroused much discussion and it was suggested that each school contribute articles for this paper. No final action was taken and the question was left to a committee which will attend the state convention.

While eating lunch, which was prepared by the Hayward girls, speeches were given by the following: Mr. F. P. Johnson, principal of Hayward High; Mr. F. M. Foster, vice principal of Hayward (Continued on last page)

Washington Plays Alameda Friday

Next Friday Washington will play Alameda in the third A. C. A. L. football game of the season. It will be played here.

Last year school was closed due to a "Flu" epidemic, and no game was played.

Alameda has beaten Hayward by a score of 13-0 this season. This game will offer a good comparison of Washington's strength with Hayward's.

Editorial

Marks

Have you improved your marks this month or have you not? If you have, you're following the rules of Columbus. Our recent observation of Columbus Day informed us how Columbus kept up with his trip in the unknown sea. In spite of all the danger and storms he encountered, he kept on, saying to his discouraged sailors, "Sail on! sail on! and on!" If the students do just what Columbus did they are apt to succeed.

Last year there was a girl who was a very good athlete, but to her disappointment she couldn't join the team because of her poor grades. The same thing has happened to the boys also.

Students, poor grades deprive you of various privileges; so why get them? I know I'd like to get every privilege that others have. How about you?

T. S.

The Great American

Did you know that Theodore Roosevelt was born four days from today, seventy-one years ago? He was the twenty-sixth president of the United States. He was unselfish, absolutely fearless, and a born leader of men. No other American since Abraham Lincoln has had so great influence for good upon the thought and the life of our people. He was a strict believer in the "square deal" which we, the students of W. U. H. S., should believe in also. That is to treat everyone alike.

If it wasn't for Roosevelt, the Cubans might still be under Spanish rule, or the Japanese might still be fighting the Russians. Who knows? No cruer soldier, wiser American, or greater man ever lived! Here's to Roosevelt's birthday, the 27th!

T. S.

Are Boys Brighter Than Girls?

"Oh, what a dumb kid you are!"

"Now, don't call me dumb, because I'm included in the girls that make up most of the scholarship society, and you're one of all the boys that DON'T belong to it." This dialogue should silence any boy in the school.

I wonder if God gave less brains to the boys than to the girls. There are only about four boys out of all the boys of W. U. H. S. who belong to the scholarship society. If I were a boy, I'd get to work and see if I could raise my standard and not let the girls get higher than I.

T. S.

THE HAUNTED HOUSE

HATCHET KNICKS

WHY THEY WAITED

Caller: "Won't you walk as far as the street car with me, Tommy?"
Tommy: "I can't."
Caller: "Why not?"
Tommy: "Cause we're gonna have dinner as soon as you go."

AND DIDN'T STOP IT?

Judge: "You are called a witness of the quarrel between your friend and his wife. Were you present at the beginning of the trouble."
Witness: "Certainly! I was witness at their wedding."

MR. WALB

Mr. Walb: Name three instruments that measure atmospheric pressure.

Bright Frost: Clarinet, trombone, and flute.

COMPOSITION

Composition title written for Miss Robert's Class:

"I like deer hunting."

"A TROUBLE"

"A trouble?" asked a passing motorist of a couple beside the road on a moonlight night.

"None," came the reply, "in love."

"Well, it's the same thing," and the interrupting motorist drove on.

FRISKY "PIGSKIN"

CAUSES RIOT ON WASHINGTON GRID

Washington High is always full of new tricks. This time it was a pig who walked into the midst of a group of dignified young men.

It happened with the fifth period physical education class on the football field. Even though the boys were playing with a pigskin this one was much more attractive. Evidently, the new arrival did not like his new friends for he ran from place to place.

Finally, Clarence Lucas, a very daring athlete, caught him by the tail, but that tackle was to no avail. Then a group of young men, who were supposed to be guarding the line of scrimmage, dashed forth and blocked the progress of the pigskin. But ray! for Albert Vasconcelos, the tackle, for he was the one who made the goal!

The little pig seemed very proud, because he had for the first time gotten some attention.

The boys answered to the look on his face by saying, "That's all right; we don't mind you getting puffed up, for it only means a bigger helping to each of us when you are nicked."

The boys kicked the "pigskin" over the goal and little piggy ran on home nursing his poor little pig tail.

NOT A CENTIPEDE

Hardware Merchant (to new boy helper) -- When you see a customer come into the store, smile politely and advance about three feet.

Boy -- Three feet? Why, I only have two.

JIMMY

Jimmy -- Have I been a good boy lately, mother?

Mother -- Yes, Jimmy, a very good little boy.

Jimmy -- Then why do you go on hiding the jam?

FATHER

Father: "Way daughter that fellow earns only \$10 a week."

Daughter: "Yes, but, daddy dear, a week passes so fast when you are in love."

NO PEEKING

Lady (engaging maid)--As for your evenings out; I am prepared to meet you half way.

Maid--No need to do that, ma'am. My young man'll see me to the gate.

"CAN YOU BE PUNISHED"

"Can you be punished for something you haven't done?" asked a student innocently.

"Why no," replied Miss Sayles, just a little puzzled.

"Then," said the student smilingly, "I haven't done my home work."

CAT WAS PULLING

"Johnny, stop pulling that cat's tail!"

"I'm only holding the tail. The cat's pulling it."

LAZIEST BOY IN SCHOOL

"Johnnie," said his father, "Who's the laziest boy in school?"

"I cannot."

"Why surely you do. Who is it that when the rest are studying, sits gazing idly about the room?"

"The teacher."

"OTELLO"

"Otello," said Miss Nicely, use the word 'triangle' in a sentence."

Otello: "If fish don't bite on grass hoppers, try angleworms."

DANCING EPIDEMIC BRINGS GRIEF TO SHOES AND SOCKS

An epidemic of dancing fever is spreading rapidly in W. U. H. S! What will the results be?

About two weeks ago the halls were used as a parking place, but now the auditorium is used, not for parking, but for traveling. They don't go very far in distance, though--just around the stage. (Goodness knows how many times). It's a good money-making device for the shoemakers. They ought to be very glad, but it is a little hard on the stockings and shoes of the student teachers.

Merrily We Trip--

The dances are held every noon on the stage of the auditorium for anyone wishing to dance and for the physical education classes on other periods. Although fancy steps are avoided, there are enough fancy ones made by the beginners.

These noon-day programs will give everyone a chance to enjoy themselves at school parties. The boys are rather timid, and say they would rather play football than dance. They forget that their duty is to ask a girl to dance with them, but this is overcome by the following experience:

What! Leap Year?

"Do you want to dance with me, John?" asked one of the girls.

No answer!

The silence was broken by a boy who thought he was becoming a "crackjack" at dancing.

"Say," said he, "I thought this year wasn't a leap year. I thought a boy had to ask the girl first."

"Well--er, yes, but he looked so bashful (as boys usually are) that I thought I'd ask him first to relieve him of it."

And so it goes. Sometimes the girls are teaching the boys, and sometimes the boys are teaching the girls, but they are all having a fine time and learning very rapidly.

Mr. Moore: Elmer, can you tell me one of the uses of cowhide?

Elmer P: Er, yes sir, it keeps the cows together.

WHAT TO DO CORRECT SOCIAL USAGE FOR HIGH SCHOOL BOYS AND GIRLS

Should a boy always lift his hat to a woman?

Yes. Not only to a girl or woman but also to an older man or one with women.

OUR Library

Historical novels afford us a sugar coated means of fixing the customs and manners of different ages and countries in our minds. They make real people of Caesar, Napoleon, the early Californians, and the New England colonists, so that they are no mere names to us.

Mr. Gravestock has arranged a list of historical novels according to which the action occurs. Many of the novels in this list have for a long time been on our shelves, others have recently been added, and will soon be available. Some of the newest of these are: "The Story of Rolf" by Albin French, "The Clutch of the Corsican," a story of Napoleon, and "High Roads of Peril" both by A. H. Bill. "The Tide of Empire," a story of early California times, by Peter B. Kyne.

"The Standard Bearer" by A. C. Whitehead, "The Slave Ship," "Croatan," and "To Have and to Hold," all three colonial stories, by Mary Johnston.

"The Prince and the Pauper" by Samuel Clemens, better known to most of us as Mark Twain.

"A Friend of Caesar," and "A Soldier of the Legion," both by W. S. Davis.

The great American epic, "John Brown's Body" a poetical novel, by Stephen Vincent Benet is also one of our new books.

Along the line of history is a group of entertainingly written books by Mary H. Wade: "Leaders of Liberty," "The Eight Bringers," "Real Americans," and "The Trail Blazers" all excellently written sources of material.

Mae A.--Don't you think my new coat is a perfect fit?

Irene S.--Fit? Why, it is a perfect convulsion.

STUDENT OPINION

Dear Editor:

It does one good, doesn't it, on arriving at school in the morning to find beds of beautiful flowers blooming most everywhere, neat sidewalks, and, last but not least a clean lawn? Of course you know that our lawn is one of the best in Washington Township. Why not keep it that way always?

No, upperclassmen, the freshmen are not supposed to do all the "paper picking". Remember that it wasn't so long ago you were green scrubs, too, probably greener than this Freshmen class. Remember how mistreated you thought you were when upperclassmen picked on you? That is how these freshmen feel. So let's all get in and work for a better and cleaner lawn.

The task is not hard if we cooperate and tackle it with the right spirit, by picking up a paper here and there while walking around. But if Mr. Freitas has to do it all...

Also, let's have more action in our student body meetings. Don't poke your next door neighbor and whisper that W. U. H. S. is getting worse and worse every day. If you can improve it any, get up and say so. You are not glued to the seat.

All opinions are welcome, I know, whether everyone agrees with you or not.

Let's have peppy student body meetings hereafter.

A Student

Poetry

Hickory! Dickory! Dock!
An empty wall! a shock!
Then we remember so
The clock that said to go,
Hickory! Dickory! Dock!

Hickory! Dickory! Dock!
What ails our poor school clock?
In every room we go,
Oh! how we miss them so!
Hickory! Dickory! Dock!

Hickory! Dickory! Dock!
Bring back our poor school clock
In good repair just so
Then we'll know when to go.
Hickory! Dickory! Dock!

Envoy

Again we have a clock
No longer will we grow thinner
Wondering if its time for dinner
Hickory! Dickory! Dock!

Former Students

A former student of Washington High, H. A. Willis, now a sailor on the U. S. S. Saratoga, recently wrote an interesting letter to the senior class. In the letter he gave some interesting facts about the giant airplane carrier U. S. Saratoga.

Mr Willis writes:

"The ship is 888 feet long, its motors develop 220,000 horse-power, and it carries a crew of 2,000 sailors at a speed of 35 knots an hour. It took 500 tons of paint to give the boat its first coat. It is electrically driven by eight motors propelling four screws. The motors use 5,000 volts, 2,500 amps an hour. The electricity is generated by steam from boilers. There are sixteen boiler rooms. The boilers use 5,000 gallons of oil per hour. There is enough electricity generated to supply Oakland and San Francisco with lights.

The ship can carry 200 planes. There are four different types of planes on the ship at present. Sea planes, Martin bombers, light two-seated Boeing bombers, and little Boeing fighters. All have whirling propellers. The Martin bombers are used for torpedo planes and the light bombers do all the bombing."

When the ship comes to San Francisco everyone is invited to take a trip there and visit the vessel.

Frances Habenicht '29 is an employee of the Tile Factory office, Niles.

Mildred Coney, daughter of Mr. and Mrs. J. A. Coney former residents of Centerville, became the bride of a Los Angeles camera man. The couple at present, are residing in a Los Angeles Hotel.

CLUB NOTES

The Commercial Club left immediately after fifth period Wednesday, October 9, to go through the California Salt Works. They were taken through by Floyd Dickerson. He showed them how the salt was refined and packed. The students were very much interested in the laboratory where the salt is examined.

The Aeronautic Club has sent away for models which are expected to be here within six weeks.

The Dramatic Club held its third meeting Wednesday, October 9th. Readings were given by members who hadn't given them, and a report on three plays was given by all the members. The officers and Miss Nicely are going to meet before the next meeting and decide on what plays the club will work on. The club is planning to give play at a student body meeting in the future.

The Science Club had a short play at the beginning of the meeting. They began mounting leaves.

The Debating Club is working on a debate. It is, Resolved That Country Life is More Desirable than City Life.

The Basketry and Art Clubs are continuing their work.

go to South America, where he will further study "Foreign Trade."

Raymond Joliff '29 is studying Electrical Engineering at Polytechnic College, Oakland.

Those of the class of '29 attending State Teacher's College, San Jose, are: Sabino Ramos, Paul Gygar, Leland De Quadros, Marjorie Martin, Claire Bettencourt, Richard Hotenkius, and Bert Silveria. According to the reports received, these students are going to be quite successful in their studies.

Rosalie Joyce '29 is attending Heales' Business College, Oakland.

BERKELEY VANQUISHES WASHINGTON GRIDSTERS

Winning by a score of 44-0 Berkeley High School downed Washington in the second A. C. A. L. game of the season.

The Berkeley second team started the game, but they could not make any headway through the Washington team.

To start the second quarter, Coach Jimmy Hole sent in his first string of "Yellow Jackets." Before the half was over they had scored three touchdowns.

Dusterberry and Garcia played a good brand of football for Washington, while Klem and Sullivan starred for the Berkeley "Yellow Jackets."

Coach Jess Regis's Washington varsity played a good game but they were outweighed and outclassed by the more experienced Berkeley team.

Scholarships Society

(Continued from first page) High; Mr. L. S. Robinson, superintendent of the Telephone Company; and Mr. Newmeyer, a member of the Phi Beta Kappa at the University of California.

Mr. F. M. Foster, of the Hayward Union High School, and Mr. Solvason, who is the advisor of the Scholarship Chapter in Washington Union High, will leave for Fresno Friday evening to attend the ninth annual business meeting of the California Scholarship Federation at Fresno, Saturday, October 26.

New Opportunity For Music Students

Mr. H. T. French, a musician, who plays in the California Theatre in San Jose, is organizing a class in woodwind band and orchestra instruments. Some parents have felt that they would like to have their children advance more rapidly than is possible in the regular public school work, as Mr. Kimber has approximately 100 pupils to instruct. If a sufficient number of the high school students wish to take private lessons, Mr. French will come to the high school building to give his lessons. Those pupils who are interested may either inform Mr. Kimber, leave word at the office, or write directly to Mr. H. T. French, 1272 Hester St., San Jose, California.

HAYWARD "REES" WIN AT SECOND ATTEMPT

Washington High's B team had the tables turned on them in the second football game with Hayward B team this season which was played last Tuesday at Hayward. The local boys lost by the close score of 7 to 0.

The first contest ended with the score standing 15 to 0 in Washington's favor.

Although our team was on the short end of the score this time, they do not feel that this result was proof of Hayward's superiority, for our backfield men drove through the Hayward line for many gains.

The only touchdown of the game came in the second quarter on a short pass from Shotts to Sousa over the goal line. Hayward line plunges did not get anywhere. An end run every once in a while netted about five yards.

Benard "Peppy"

E. Bernard was the outstanding player of the day. His flying tackles were the cause of Hayward losing many yards. In the second quarter, Ed caught a pass for a gain of about 30 yards, which helped in a drive that Washington made a few minutes later.

C. Solito was the outstanding player in the backfield. He was hurt somewhat, but was able to stay in the game. Sam Kerns was also very good in the backfield. The starting line up of the game was as follows:

- | | |
|---------------------|-------|
| E. Bernard | R. E. |
| O. Bellini | R. T. |
| L. Neves | R. G. |
| G. Robinson | C. |
| M. Teeter | L. G. |
| J. Beveridge | L. T. |
| S. Lawlor | L. E. |
| J. Logan | Q. |
| R. Crane | R. H. |
| S. Kerns | L. H. |
| C. Solito (captain) | P. |

SPORT-O-TORIAL

Why don't we win a football game? Is it the fault of the team or the rest of the students? Do the players give up when they see they are losing? Well, how about a good old cannon ball?

That is why we are on the bleachers to see that our team does not lose. The whole school should yell. They should do their part as heartily as does the team.

We all cannot go to games played away from home. But those students who do should get together and act like they are from Centerville. Go with the team to yell and help them win. Remember that away from home our team sees mostly all strange faces and not our own.

If you sing and cheer the best you can you have done your part in trying to win for your school. But if you do not, and our team loses the credit may have been yours.

If we do our part, and the team does theirs, we shall surely have a good chance to win. Make up your mind that - win or lose - you'll be with our team with the good old "Cannon Ball." W. T.

Howard B: "My banty rooster laid a banty egg."
Edith A: "Of course, what kind of an egg would you expect him to lay."

KICK-OFFS

The other night after the Piedmont game the freshman football boys broke training and attended the freshman party.

The "B" team didn't win the second game with Hayward, but they did ruin half a dozen perfectly good Hayward Jerseys.

Clarence Suito's kicks averaged two yards in first half of the Hayward "B" team game. Not bad for a fellow like him.

Sidney Lawlor is the most artistic member of the football team; this is shown by the clever decoration on his football pants. You should see them.

Did you notice the photo of some of our football heroes in the Oakland Tribune? It looked like "Hoot" Mattos was choking a Piedmont man to death.

With Halloween coming we have grave fears that the goblins will take some of our football men.

Can you pick a football man by the way he dances? Just pick out the fellow that is dancing with his head down and plowing along like he is after a first down - that is a football man.

The team was running signals the other night when a woodpecker flew over the field. Only one helmet was handy, and the boys nearly ruined themselves scrambling for it.

Helmets and jerseys will have to be made a few sizes larger for the seniors. They have reasons - they won the paper drive and have 100 percent student body dues. M. S.

SECOND PERIOD GIRLS WIN BASKETBALL PLAY

The first inter-class basketball games started with the first period challenging the second period girls. The game played last Thursday, ended with a score of 14-11 in second period's favor.

- The line up is as follows:
- | | |
|---------------------|----------------------|
| First Period | Second Period |
| Irma Clark | Irene Maniz |
| Annie Beltencourt | Irene Olivera |
| Valenta Brydges | Angie Allegri |
| Susie Rose | Judith Gronley |
| Marie Pierce | Evelyn Rose |
| Inez Mariani | Minnie Lawrence |
| Ona Burnett | |
| Eleanor Bernard | |

WASHINGTON BOYS DROP GAME TO PIEDMONT

Earnest Garcia was the outstanding star for Washington in the Piedmont High game which was held October 11. The game ended with a score of 58-0 in Piedmont's favor.

Earnest was credited with several good runs and seemed to be the only man that could puncture the Piedmont defense.

The Piedmont boys were too heavy for Washington's grideters. The boys put up a good battle. They played a better game than the score indicates. The score is the largest of the A. C. A. L. football games last week.

The Piedmont team is exceptionally strong this year and it will take a very good team to beat them.
