FRESHMEN STACK UP FOR ANNUAL BONFIRE BATTLE FRIDAY NIGHT

Many Interesting Things Planned for Program Reports Chairman

Great preparations for the bonfire rally Friday night are under way.

Already the freshmen have started gathering fuel for the pile and Elmo Grimmer, president of the freshmen class, visited the freshmen advisory groups Monday afternoon in search of guards to take care of the material collected.

The guards were to go on duty last evening, and are to remain up all night tonight.

All the guards will be served with hot dogs and other eatables during the midnight watches.

Milton Fournier, chairman of the rally committee, says that many interesting things are prepared for the program to be given Friday night before the lighting of the bonfire. Included will be a speech from one of the alumni.

Hayward Team Heavy

The Hayward team outweighs the Washington team on an average of eight pounds to the man.

Hayward has won no A. C. A. L. this season and is tied with Washington for the cellar championship.

The team that wins on Armistice Day will save themselves from finishing in last place in the A. C. A. L.

Last year Hayward won by the tune of 27-0.

A large crowd is expected to be on hand to witness the battle and from all outward appearances it will be a battle from start to finish.

The committees which are preparing are:

Rally Committee: Milton Fournier, chairman, Manuel Fontes, Billie Dick, Agatha Willis and Mr. Webb.

Banquet committee: Sophomores: Anthony Fagundes, Toshio Tomizawa, Teddy Logan, John Mungor, John Farla, Howard Blacow, and Tom Kitashima.

Freshmen: George Witherly, George Gibbs, Walter Meneze, Ralph Logan, Donald Fuller, Tatsumi Tajima, Kazuto Masuda, John Gronley, and Alfred Masset.

Model Airplane Now Under Construction; Maiden Voyage Soon

A real airplane model which is being built by Louis Duarte is going to fly around the tract after it is finished. It will take about two weeks more for completion by Duarte's report. On that day the picture will be taken of this model plane from various points of view to be shown to the students who wish to see it. This picture will be enlarged so that the students may see it without straining their eyes.

The model plane is three feet long and can fly without a driver. After being tested on the tract, this model plane will go to Oakland airport to compete in one of

Pumpkins Escape Danger; Now Safe For Two Weeks

The big yellow pumpkins will have nothing to worry about now until Thanksgiving.

Before Halloween each and every pumpkin worried for fear it would be picked and made into a Jack-O-Lantern.

Those lucky enough to escape that terrible fate will rest easy until Thanksgiving. Then they may achieve the ambition of all good pumpkins—to be made into pumpkin pies.

—BEAT HAYWARD—

Typing Students Benefit By Mr. Hodge's Address

Mr. Hodges addressed the second year typing class, Friday, November 1, on getting a position and holding it.

"Personality is the main factor to be considered in holding a position," said Mr. Hodges. "Do not be gloomy; be cheerful. On the other hand don't giggle all the time. I know of a case in which a man chose a person with the best personality, rather than the person with the best education."

"Dependability is another main factor. Be dependable, on time, and accurate in your work."

"Good character has a great deal to do in holding a position. The house gets its reputation from the character of its employees, as does the name of the high school depend on the students."

Mr. Hodges showed the students how to operate the mimeograph machine.

—BEAT HAYWARD—

LOUIS EICH TALKS AT MEET ON TRAFFIC

Louis Eich of the Traffic Bureau gave a very interesting talk to the Student Body concerning traffic rules. The Assembly met in the auditorium Thursday, fourth period.

He said that the students should try to help the traffic officers by obeying the traffic rules.

Particularly, Eich said, the students should observe the stop-sign at the exit of the school grounds.

SNAPPY PAPER PUBLISHED BY GRAMMAR SCHOOL

Centerville Grammar School has put out an attractive Halloween edition. It is a five-page publication with an attractive Halloween crayon cover. The cover is handdrawn. This paper covers all phases of activity around the school and is known as the Oracle. It is mentioned in this paper that the work is not done by one or two people but by all classes.

There are also other model planes which many other students are modeling now.

Thompson Logan is working on a real big monoplane at present. This one needs a driver to fly it.

The name of this monoplane is "H. A. B." It is under construction now and may be able to fly perhaps in May.

Get Acquainted Day Plans Growing Fast Is New Event Here

All Boys To Take Part In Contests; Girls To Act as Spectators

A new tradition will be introduced into our school very soon. A "Get Acquainted Day."

The boys will all take part in some game. The competition will be between classes.

To add zest to the contest, the girls of the school will be spectators. Undoubtedly each and everybody will do his best to win favor in feminine eyes.

There will be a tug of war, a greased pole climb and many things that will get all the boys to mingle and get acquainted.

Each boy will have a chance to get into at least one of the contests and try to win for his class.

All the classes claim that they will win; so it looks like everybody is in for a hard battle and a good time.

—BEAT HAYWARD—

Scholarship Group Party With Ghost

Are the new members of the Scholarship Society still alive?

The Scholarship Society had a very ghostly and thrilling initiation for the new members on Wednesday evening, October 23.

The following candidates were initiated into the society.

Mildred Durham, Frances Anderson, Otello Bellini, Mary George, Joseph Avilla.

Each of the new members had to walk through the upstairs corridor which was discovered to be haunted. A deathly ghost met them at the farthest end. Bek, what a chill!

Walk The Plank

They were blindfolded and made to "walk the plank." Mr. Solvason saved them at the jump-off.

To test their knowledge, they had to go to the Court of Justice in Room 12. They were asked many unusual questions. As they were quite dumb in answering, they were asked to entertain by reciting, singing, and dancing.

Various games followed this. One of these was a pumpkin game. The person stepping on the lowest pumpkin was the winner. Otello Bellini one of the new members, danced some fancy steps in walking across and almost walked over one of the old members. Another game was played between California and Stanford. California was the victor.

Mr. Hill, Miss McMillan, and Mrs. Morris came after the initiation ceremonies were over.

Refreshments and dancing followed.

At eleven o'clock they all departed with a happy good night.

Brain Bunch Get Higher Marks on Second Effort

Sumi Nakashima leads the Honor Roll the second month with four "1's". She is the first one to get four "1's" by the new method of marking.

On class leadership the juniors again held the Honor Roll with five students. The sophomores came in second with three students, and the seniors next with two students. Too bad there are no freshmen.

The following are the members of the Honor Roll for the second month:

SENIORS

Alice Lemos

Marie White

JUNIORS

Sumi Nakashima

Henrietta Flores

Mitsuye Kawaguchi

Lola Luna

Alice Sequeira

SOPHOMORES

Happy Crowd At Sophomore Party For Sport Dance

The Parish hall last Friday evening was the scene of the gay activity of the annual Sophomore party. The splendid attendance of trustees, faculty members and students was certainly a credit to the Sophomore class.

The foremost colors of decoration were orange and black, which were in the shapes of cats, witches, cornstalks, pumpkins, and bats.

Ernest Pimentel's peppy orchestra furnished delightful music for the dancing.

Later in the evening all were given small orange and black bats, which added much fun and amusement to the already pleasant evening.

Among those present were: Mr. and Mrs. Fred Dusterberry, Miss McMillan, Mrs. Morris, Miss Roberts, Miss Aust, Mrs. Gravestock, Mr. Hill, Mr. Solvason, Mr. and Mrs. Regli, and Mr. and Mrs. Webb. Several students brought their parents.

Everyone knew that there were many seniors present, for during the evening the walls of Parish hall shook with their cheers for the Sophomores.

When twelve o'clock midnight rolled around, the orchestra began the strains of "Home Sweet Home." The enjoyable evening ended with everyone declaring that they had a "peach of a time."

—BEAT HAYWARD—

OLIVER CAMPOS TO HOLD ANNUAL RECITAL HERE

Several Washington students are to participate in Oliver Campos' annual recital which will be held in our school auditorium on Friday evening, November 15.

HOME GRIDSTERS WIN FIRST VICTORY FROM EMERYVILLE TROJANS

Team Shows Great Improvement in Play Over Last Week

Again showing the students that they are a good football team, Washington gridsters defeated Emeryville 20 to 0 last Friday.

The Emeryville boys were no match for our powerful line and charging backs.

No scoring was done in the first quarter, but the ball was in Emeryville territory the greater part of the time.

Washington Scores

In the second quarter, due to the wonderful playing of Ernest Garcia, the ball was pushed down to the one yard line. On two plays over guard Garcia scored a touchdown and then kicked the goal, making the score 7 to 0.

In the third quarter Washington added another tally. After advancing the ball down the field on power plays, using Solto and Garcia to carry the ball, the Emeryville line suddenly stiffened and would not give an inch. Then Eugene Dusterberry faded back and shot a twenty yard pass to Captain Jack Cahill for the second score of the day. Again Garcia kicked the goal, making the score 14 to 0.

Continued on Page 4

Dirty Museum Hit By Housecleaning; Is Now Like New

October 23 was clean up day for Washington's museum.

There was a committee appointed for the cleaning and arranging of the specimens which are in the museum. This committee consisted of the following: Minnie Rivers, Howard Blacow, Anthony Knobler, Alfred Souza, and Dorothy La Plante.

Miss Roberts, of the history department, supervised the work. Miss Roberts when being interviewed about the museum answered that all she could say was that it was really quite dusty.

But after all, Washington's museum is "spick and span" with no particles of dust anywhere.

—BEAT HAYWARD—

STUDENTS PRACTICE HYMN AT ASSEMBLY

The student body meeting opened with the practicing of our new hymn, Alma Mater, last Friday. Elizabeth Shinn, vice president, was in the chair. The regular business of the day was transacted and the yell leader also led a few practice yells.

Pupils from Amador and San Jose High are also taking part. Several song and dance specialties are included in the program.

Following are the Washington students taking part:

Ida Sequeira, Roy Seceada, Emeline Oliveira, Thelma Sylvia, and Mae Alvornaz. The entertainment will open at 7:30. There are no charges connected with the program.

LEST WE FORGET

Happy were the hearts of every true American when the Armistice was signed November 11, 1918. Striking is the significance of this date! It marked the end of a long trail of bloodshed. Anxious mothers no longer waited with eager hearts for news of their dear sons. The glorious victory was won!

But not everyone could rejoice. Mothers whose sons had died on the bloody field watched with tear-stained faces the happy rejoicing of others. They had done their duty. They had given their sons to a cause which was great and just.

Armistice must not only be honored as a school holiday, but thought must be given to the men and women who devoted their lives to so great a cause.

"IF"

"If I had known that one question, my mark would have been higher," and "if I had known it was going to rain, I would have brought my galloshes."

These are the little "ifs" that are heard everywhere and every day.

What is the simple word "if"? It is a helpless, hopeless, timeless, word. And yet some students find a great comfort in saying it. It sort of relieves their mind to think that if they had done a certain thing, it would have brought them better results.

The past gives us many experiences, but why waste fruitless efforts "iffing" about them? The time it takes to "if" about a thing could be spent in learning or doing that thing in a right and profitable way.

It is an old saying that time is precious. What is time? Time is a measure of duration, whether past, present, or future. In what are we mostly interested? We are interested in things that are happening now, not in things that happened in the past, nor in things that will happen.

In eternity all time is one great NOW. Let's cast the little "ifs" aside and better our present condition and studies.

"The thing that goes the farthest towards making life worth while,

That costs the least, and does the most, is just a pleasant smile.

It's full of worth and goodness too, with manly kindness blent,

It's worth a million dollars, and it doesn't cost a cent

OUR SILENT TRIBUTE

West Mansfield (Ohio)
Enterprise

Teacher: "Now, Jimmy, what happened when the cow jumped over the moon?"

Jimmy: "Somebody got an idea for vanishing cream."

Teacher: Johnny, what was the origin of Grand Canyon?

Johnny: A long time ago a Scotchman dropped a nickel in a gopher hole; that's where the canyon now is.

A teacher was instructing her class "Now children," she said, "What is the opposite of sorrow?"

"Joy," shrieked the class in unison.
"What is the opposite of pleasure?"
"Pain."
"And what is the opposite of woe?"
"Giddap!"

Lady: "I say, Milkman, as there is much disease prevalent among the cows the present time, I have decided to stop using milk for a little while."

Milkman: "Why, madam? Our milk has such a large percentage of white water that it is quite safe."

"It" definition--she's got super affectuos explanatus aboutious.

Freshmen Learn To Open Lockers No Help Needed

No more are the freshmen late to class because they fail to solve the mystery of the lock on their locker. "I'll bet this locker was never meant to be opened," growled a freshman early in the year as he twisted on the knob of the locker. "The combination is fifteen left and twenty-two right, and I have turned it fifteen times to the left and twenty-two times to the right, and still it won't open."

Now it is a different story. The freshmen have mastered the combinations and can open the locker as quickly as a second story man can open a safe.

Duke Hamburger Gets Free Feed At School Visit

Did you notice that dog at school the other morning? He looked like "Hamburger".

Who was Hamburger one of the girls asked me?

Hamburger was a dog who stayed at the school grounds last year. He was a very intellectual and hungry pup, who visited the girls at lunch time every day, and begged for food. The girls were quite proud of this dog and cared for him like a sick child. The new pup was a frisky little fellow. He showed his cleverness by snatching a chocolate bar away from the girls. "Puppy" evidently, didn't care for chocolate bars, for he hasn't been seen anymore.

Sick Lawn Mower Recovers Health Again Shaves Lawn

Did you miss the "put, put" of the lawn mower recently? Do you know where it was? Poor little creature was suffering from gas-in-the-cylinder. Immediately it was taken to the auto mechanics class, where the boys did their best to relieve the brave little lawn mower.

Under the watchful eye of Mr. Mette, Doctor of Engines, the lawn mower's vital organs were carefully taken out and examined.

After a careful examination, the trouble was found, and the little machine was again assembled.

Again we hear the "put, put" of the lawn mower as it faithfully cuts the lawn in front of the building.

CORRECT SOCIAL USAGE OF HIGH SCHOOL BOYS AND GIRLS

Should a boy seat a girl or woman at table?

Yes, Draw back the chair for the girl or woman to your right, push it under her as she sits down, and then take your own seat.

Our Library

Many topics, both historical and educational, which previously have been considered "dry" reading, are now read with interest, since being disguised in some of our new book-

MAGAZINE PAMPHLETS ADDED
A new magazine has made its appearance recently in our library under the name of the "Journal of Geography." This magazine started with the September 1929 issue. Five new copies of the "Current Events" are taken regularly, which help you in every outside topic you could want, historical, personal, and national. Five copies of the "World News" are also taken. These are a great help in history and also a big help in oral reports.

HISTORY HAS INTEREST

"Books for Historical Reading in School" is a wonderful book to rush to when you are assigned one of those awful history reports. "Topical Studies and References" is also a good resort. "An outline of Hispanic American History" and "The Tariff" are good for outside reading and also pleasant. "American Political Parties and Presidential Elections" is especially interesting because it tells us about our own country and how it is run. "The Economic Growth of the United States," and "Outline and Reference Studies in Early World History" are as interesting as they are educational. Truth is always as interesting and sometimes stranger than fiction.

OTHER BOOKS

"Uncle Sam's Modern Miracles" tells all about the latest inventions and uses of them by our nation. "The U.S. Post Office" is especially important to every American girl and boy. In this book we find many interesting things of one of our most important offices and buildings in the country.

Many books have been obtained on Marionettes. They are: "Tony Sarg's Marionette book", "Marionettes, Masks, and Shadows," and "A Book

STUDENT OPINION

Dear Editor:

I am so tired of seeing people chewing gum, that I have decided that drastic steps must be taken. Students, if you were at the Sophomore Party your eyes would have, perhaps, very often gazed on some people who were chewing it as hard as a steam engine pulling a freight train. They should have a little gasoline engine attached to their jaws, to help them along.

But I know what I am going to do. If you see anyone with a sign pinned to his or her dress or shirt, and the following words, "Kick Me Hard for I am a Gum-Chewer" on it, just do what it says. That person will not be a gum-chewer anymore. Please help me by following the directions.
A Student.

Help Wanted to Cure Girl's After Windy Day

Don't get excited boys because the girls have colds and sore throats. These little ills were the result of "cyclone day" last week. My didn't it blow though?

Their vanity was a little spoiled too. The north wind made their "shaggy-uns" and "windblown" look like real "windblown" with little bits of wavy hair sticking on ends.

Miss McMillan was forced to keep the dainty creatures inside for fear the wind would take them to heaven or practice folk dancing in the air with them. How they wished they were the football boys with resistance to wind and cold! Let us hope their colds are better.

of Marionette Plays," "Listening lessons in Music," "Music Appreciation in the High School," "Modern Civic Art," and "American Adventures" are all helpful in various school subjects.

Eleanor C.—The way that young man looked at me was most insulting.

Margaret B.—Did he stare?
Eleanor C.—No, that's the trouble. All he gave me was a casual glance after I spent so much time fixing up.

Teacher—Which is the easiest way to make a chicken run?
Bright Boy—Chase it.

Play Scheduled For Sixth Period

Hurray! Big thrill! Once we get out of sixth period and not for an advisory period either. We don't know how, when, or where, but the Dramatic Club is going to give the student body a play next semester. Miss Nicely said so.

In the meantime the club is working on several plays for the entertainment of the club members.

The Commercial club is going to take a trip to the Graham Manufacturing Company in Newark.

At the last meeting the club was entertained by a play, "How to Apply For a Position." The members taking part in this play were Fern Garcia, Elinor Silveria, Teresa Pimentel, and Laverne Silva. Mrs. Jackson and Mr. Solvason gave short talks on applying for a position.

TRAINED ANIMALS

Do you know what a "muppet show" is? That's when you tie a lot of little animals tied on a string. When you pull the string, the animals do their stuff. If the puppet that the Art Club is working on is a success, the club will put on a "puppet show."

If you want to beautify your home, you better join the Basketry Club. No longer will the house plants sit in saucers on the shelf. The students of the club have started working on bulb baskets.

"How a Flapper Studies Science," was the name of the play given for the Science Club. After the play there was a general discussion of birds. Several members were assigned different birds for special reports for next meeting.

The Aeronautics Club is studying different types of airplanes till their models, which they have sent for, come.

The Debating Club has 150 members due to too few members.

SCOTT'S SHOE STORE

TEAM HOLDS ALAMEDA TO SCORELESS GAME

Holding the strong Alameda team to a scoreless tie, Washington proved that it has a good football team on October 25 th.

The Washington High boys outplayed the over confident Alameda team in every department.

In the first quarter Alameda tried to run plays through the line, but found it to be very much like a stonewall.

Neither team had the punch to score, but in the first half of the game the ball was in Alameda territory much of the time.

Throughout the game Ernest Garcia went through holes opened by Ferry and Overacker, for substantial gains.

In the second quarter Captain Jack Cahill, on a right end run, broke loose and twisted his way for fourteen yards before he was stopped.

With but a few minutes left to play in the final quarter, Alameda punted. Solto, Washington safety man, fumbled the ball on his own twenty yard line and Alameda recovered.

The Alameda boys then opened up with a passing attack.

The Washington boys played "heads up" and took the ball away on downs and punted out of danger.

The Alameda offence was smothered by the Washington line. Time after time the Alameda backfield was spilled before they got started.

Coach Jess Regli's boys deserved much credit for the splendid game they played.

The starting line up was as follows:

- C.—M. Brown
- LG.—M. Teetor
- R.G.—H. Overacker
- LT.—F. Mattos
- RT.—R. Ferry
- RE (C)—J. Cahill
- LE.—E. Bernard
- Q.—E. Dusterberry
- R.H.—C. Pine
- L.H.—S. Kerns
- F.—F. Garcia

MORE ON EMERYVILLE GAME

(Continued from first page)

In the fourth quarter the Washington boys again scored. On a sweeping wide end run, Garcia from the Emeryville thirty-yard line to the three yard line. From there he bucked it making the score 20 to 0.

It was a safe margin of points. Regli sent in the second squad, and they were well on their way to another touchdown when the game ended. The starting line up was:

- C—Pino
- LG—Teetor
- RG—Overacker
- LT—Mattos
- RT—Ferry
- RE—Cahill
- LE—Bernard
- Q—Dusterberry
- RH—C. Pine
- LH—Solto
- F—Garcia

A FEW WORDS ON THE ATHLETIC LEAGUE

The Alameda County Athletic League is composed of Berkeley, Piedmont, Hayward, Alameda, Washington, Emeryville, and Richmond High Schools.

So far this year the team standings are: Berkeley and Piedmont tied for first place; Alameda, second; Washington, third, and Hayward, fourth.

Richmond High School was admitted to the league about three weeks ago, and will be a competitive school when baseball starts.

Last year Hayward won the football pennant. Berkeley came second; Piedmont, third, Alameda, fourth; and Washington, fifth.

Berkeley beat us last year 27 to 0. We forfeited our games to Alameda and Piedmont due to sickness. Hayward beat us 37 to 0.

SPORT-O-TORIAL

It was at a recent football game. One girl said to another, "What are all those big things on the bleachers? They look like horns."

"Why, of course they are, silly. That is Washington High School band. It is some band too. Did you ever hear it play?" "No, but it looks as if I shall today."

We should be proud of our band, with its orange caps and ties and yellow lyre emblems. Just a few years back, when it started it had very few members. Now there are between 70 and 75 members, and it is increasing rapidly. It has done wonders.

Our band goes to all home games, and is a loyal team supporter. The members of the band not only play their instruments, but they also yell for the team.

Next game let's give a cheer for our loyal band. W.T.

KICK-OFFS

It seems as if the Berkeley High "Yellow Jackets" carry a mean sting.

If you don't believe it ask some of the boys that tried to tackle the Berkeley men.

Everyone admired the rosters response to the yell leaders call for the "Skyrocket" last Friday.

There was a huge sigh of relief from the football players fifth period Wednesday, after they had received their last cards.

The folks in the stands all envy the football players when they get those big blankets wrapped around them. One certainly does get cold watching the games.

When the football season is over, we wonder what the boys will talk about on Monday morning. They always play the game over then.

Everyone admires the spirit of our football team. They have been getting walked on by heavier and more experienced teams, but they never give up.

Some of our powerful athletes have taken to a very strenuous sport--pitching horseshoes

"Hippo" Percy reports that he is getting tired of playing football. His complaint is that they don't play rough enough or long enough.

Frank "Duffy" Furtado has promised the football team an aeroplane ride if they win the Hayward game.

Now we have a huge fog born on the building to call the boys in from physical education. Someone will have to think of a good excuse if he is late for class.

Did anyone notice "Bizzari" Bernard's wonderful one finger tackle that he made in the Alameda game? M.S.

FOURTH PERIOD WINS TITLE ON LAST THROW

The girls fourth period basketball team proved themselves as champions at the championship game between fourth and fifth periods with a score of 7-6.

The game was held on October 31, and all girls who wished to attend were excused.

As the score indicates, it was the finest game played for some time. Fourth period trailed on through the entire game, but in the last quarter they hit their stride and won the championship.

Florence Bewick is captain of the mighty champions, and Thelma Neves leads the fifth period rivals.

In the first quarter of the game both teams battled with each other, but no score was made. In the second quarter fifth period had warmed up to firing position, and made the score 4-2 in their favor.

In the first quarter of the second half, fifth period still continued to lead with a close score of 6-5.

In the last quarter, the tables were turned. The fourth period scored two points, thereby making the final score 7-6.

The lineup is as follows:
I. Dutra F. A. Antron
A. Hottencourt F. T. Neves
S. Swanson T. C. L. Avilla
M. Elmiller S. C. I. Azevedo
E. Rogers G. V. Santos
F. Bewick G. M. Janelro
